

“Highlighting Organic Chemistry in Belgium”
24 March, 3 PM to 5:30 PM, Central European Time (CET)

Please register at:

https://events.zoom.us/j/AmLnIOzlhxmd0fb4UBKOo1KhSDZFiOBleMYAYq3tCVldRJcNF8jo~AlvNWSg9JEYv_UggEed4ClIRJ4EJviIHZSZogU_y9AHbs8qRVohjCeQd3Q

For previous editions, see: <https://www.euchems.eu/divisions/organic-chemistry-2/>

- Start by Prof. **Adriaan Minnaard**, Chair of the Division of Organic Chemistry, EuChemS
- Prof. **Francisco de Azambuja**, KU Leuven, “Cluster-based Catalysis for Organic Synthesis”
- Dr. **Quentin Duez**, University of Mons
- Prof. **Annemieke Madder** or Prof. **Bruno Linclau**, Ghent University
- Prof. **Thibault Gendron**, University of Liège
- Prof. **Ulrich Hennecke**, Vrije Universiteit Brussel (VUB),
- Prof. **Gwilherm Evano**, Université Libre de Bruxelles (ULB), "Peripheral editing of polyols to chiral alkanes"
- Dr. **Sonny Brebels**, Hasselt University
- Prof. **Ludovic Troian-Gautier**, UCLouvain, “Mechanistic Investigations in Photo-Induced Electron and Energy Transfer Catalysis”
- Prof. **Guillaume Berionni**, University of Namur
- Prof. **Robby Vroemans**, University of Antwerp
- Closing by Adriaan Minnaard
