

Considering a career in nuclear?

Visit us at the

Nuclear Careers Day

February 28, 2017 - Brussels

Nuclear science has a lot to offer to society. But to continue its development, motivated young scientists are essential. Interested in a career in nuclear? The second edition of the Nuclear Careers Day introduces you to advanced education and job opportunities to support a career in nuclear, in Belgium and at the IAEA.

Morning program | 9.30 – 11.00 h

A first taste of a career in nuclear:

- Advanced education possibilities in nuclear
- Career pathways in nuclear
- Inspiring testimonials of professionals with a successful nuclear career

Fair including walking lunch | 11.00 – 13.00 h

The next step in your academic or professional career: effective networking at the booths of companies, research institutes and universities in nuclear.

Afternoon program | 13.00 – 17.30 h

Technical visits to various nuclear facilities (in industry, medical and research). Shuttle buses will be foreseen.

Closing | 17.30 – 18.30 h

Networking with professionals in nuclear and the Belgian Nuclear Society - Young Generation (BNS-YG).

IAEA
International Atomic Energy Agency
Atoms for Peace

Participation is free of charge, registration is mandatory via <http://academy.sckcen.be>.
Bring your CV to receive personal career guidance!
