Dr. Jos De Sadeleer (president, exhibition), Dr. Inge Dirinck (webmaster), Drs. Jurgen Denys (treasurer), Hon. Prof. Wilfried Ooghe, Dr. Rudy Senten (secretariat)

Trends in Food Analysis VIII is a one-day scientific symposium dedicated to recent advances in food analysis. Scientists will have the opportunity to present their results during oral or poster presentations. Invited speakers will give an overview of the state of the art in analytical food science. Laboratories can present their scope or analytical services on business posters. Vendors will demonstrate their newest technologies during the exhibition and lunch pitches.

Topics for oral and poster presentations

Authenticity & fraud
Spoilage & packaging
Contaminants and residues
Allergens
Genetically modified foods
Omics approaches in food & feed analysis
Biosensors in food & feed analysis
Alternative protein sources & residual streams

Abstracts & Business Poster submission deadlines

One-page abstracts for **ORAL** presentations should be submitted **before March 3th, 2017**.

Business posters and one-page abstracts for **POSTER** presentations should be submitted **before April 3th, 2017**.

Guidelines on <http://voeding.kvcv.be>
